

BACKEND GUIDE

Billion Balls

1.1 OVERVIEW OF ACCOUNT LEVELS

There are multiple levels for Game Vault from highest level to lowest :

DISTRIBUTOR

With a distributor, you can sell to other agents by providing them with a sub-distributor or store account.

SUB-DISTRIBUTOR

With a sub-distributor account, you can sell to other agents by providing them with a store account.

1.2 OVERVIEW OF ACCOUNT LEVELS

STORE

With a store account you can sell to players.

PLAYER

These accounts are created using a store account.

NOTE

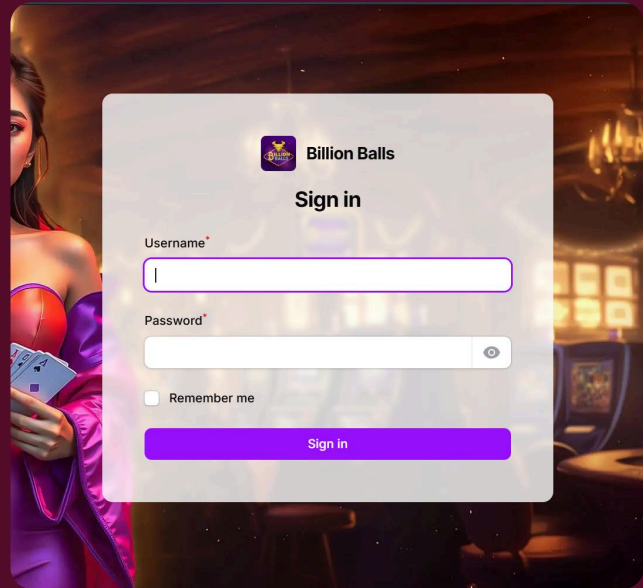

If your focus is on selling to players, it's advisable to establish one main store account. This enables you to add new player accounts directly under this store account rather than creating individual store accounts for every player.

1.3 Creating A Sub-Distributor And Store Account

We will provide you with a distributor account, which lets you set up a child sub-distributor account.

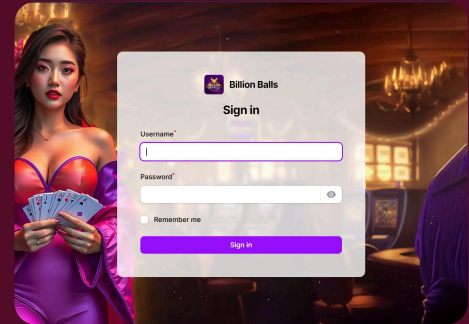

You can then log into that sub-distributor account to create a store account.

1.3 Creating A Sub-Distributor And Store Account

To create a sub-distributor account

1. Log in to the Distributor Account

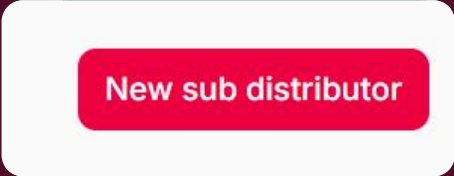

2. Click Navigation on the left sidebar then click on User Management

-  Dashboard
-  Management Tree
-  User Management
-  Account Reports

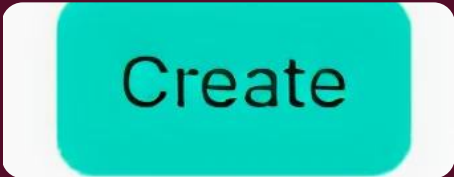

2.3 Creating A Sub-Distributor And Store Account

3. Click the New Sub Distributor.

A white rectangular button with rounded corners containing a red pill-shaped button with the text "New sub distributor" in white.

New sub distributor

4. Finalize the account.

A white rectangular button with rounded corners containing a teal pill-shaped button with the text "Create" in white.

Create

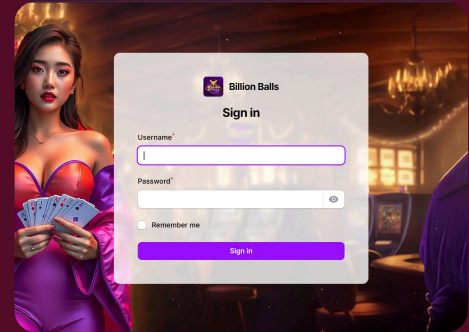

NOTE

Fill out the details, contact number can be 1, and hot submit. You now have a sub-distributor account, which will pop up on your list.

3.1 To Create A Store Account

1. To create a store account logout of the distributor account

Password confirmation*

2. Login into the sub-distributor account. Repeats the account create process as above.

4.1 To Create A Player Account

1. Login in to a store account

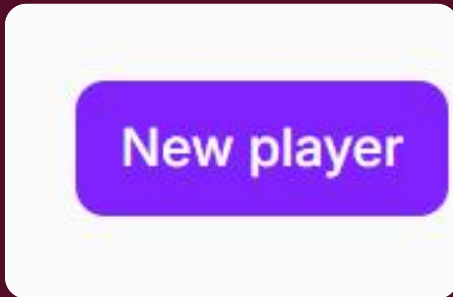

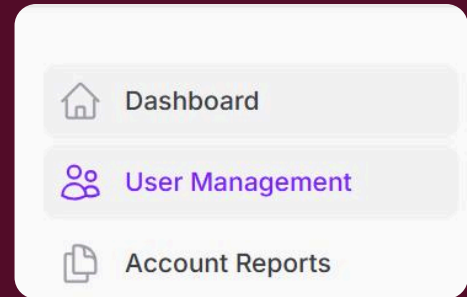

NOTE

If you don't have a store account, follow the previous section of the guide.

4.2 To Create A Player Account

2. Click Navigation on the left sidebar, then click on User Management.

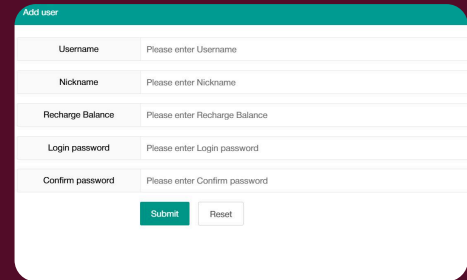

3. Click on "New Player"

4.3 To Create A Player Account

1. Fill out account name, nickname and password

The screenshot shows a web form titled "Add user" with a teal header. It contains five input fields with placeholder text: "Please enter Username", "Please enter Nickname", "Please enter Recharge Balance", "Please enter Login password", and "Please enter Confirm password". At the bottom, there are two buttons: a teal "Submit" button and a white "Reset" button with a teal border.

Add user	
Username	Please enter Username
Nickname	Please enter Nickname
Recharge Balance	Please enter Recharge Balance
Login password	Please enter Login password
Confirm password	Please enter Confirm password
<input type="submit" value="Submit"/> Reset	

NOTE

You can now provide these details to a player to login to the game. Make sure to load the player credits by following the next section of the guide.

5.1 Loading / Withdrawing Credits

To load/withdraw any account type, login in to its parent account. If you want to load a store account, login to its parents Sub-Distributor account.

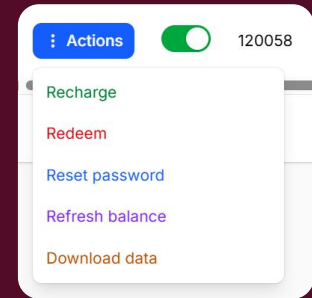

Once you are logged in to the parent account, find the account under Admin List

	Status	User ID	Username	Balance	Register Date
		120058	billionplayer12	0.00	Mar 27, 202
