

BACKEND GUIDE

GameVault

1.1 OVERVIEW OF ACCOUNT LEVELS

There are multiple levels for Game Vault from highest level to lowest :

DISTRIBUTOR

With a distributor, you can sell to other agents by providing them with a sub-distributor or store account.

SUB-DISTRIBUTOR

With a sub-distributor account, you can sell to other agents by providing them with a store account.

1.2 OVERVIEW OF ACCOUNT LEVELS

STORE

With a store account you can sell to players.

PLAYER

These accounts are created using a store account.

NOTE

If your focus is on selling to players, it's advisable to establish one main store account. This enables you to add new player accounts directly under this store account rather than creating individual store accounts for every player.

1.3 Creating A Sub-Distributor And Store Account

We will provide you with a distributor account, which lets you set up a child sub-distributor account.

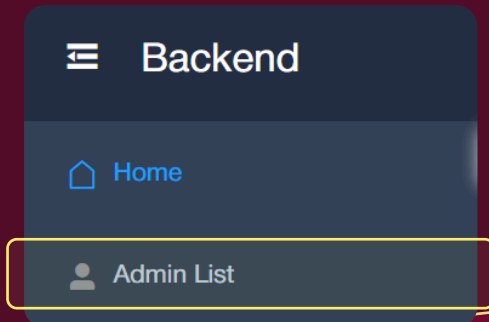

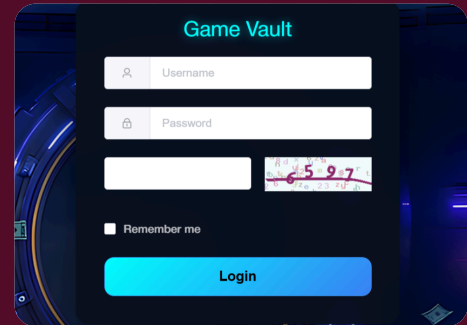

You can then log into that sub-distributor account to create a store account.

1.3 Creating A Sub-Distributor And Store Account

To create a sub-distributor account

1. Log in to the Distributor Account

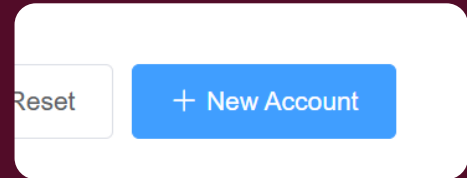

2. Click Navigation on the left sidebar then click on Admin List

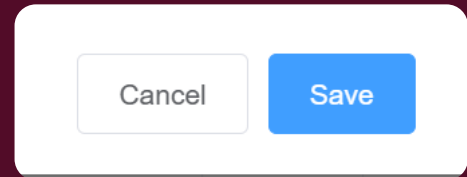

2.3 Creating A Sub-Distributor And Store Account

3. Click the New Account.

4. Finalize the account.

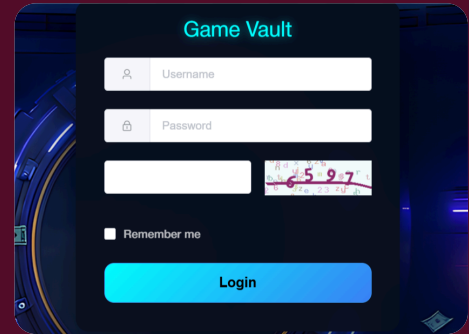

NOTE

Fill out the details, contact number can be 1, and hot submit. You now have a sub-distributor account, which will pop up on your list.

3.1 To Create A Store Account

1. To create a store account logout of the distributor account

Add user information

* Agent Name

* Login account
Use 30 or less characters with letters, underscore & numbers.

* Login password

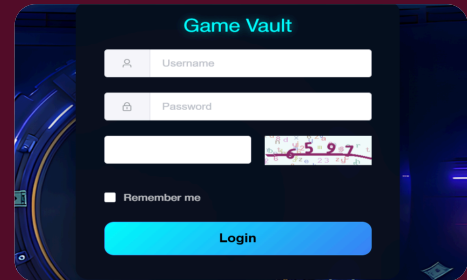

Password must:
Contain 10 to 16 characters

2. Login into the sub-distributor account. Repeats the account create process as above.

4.1 To Create A Player Account

1. Login in to a store account

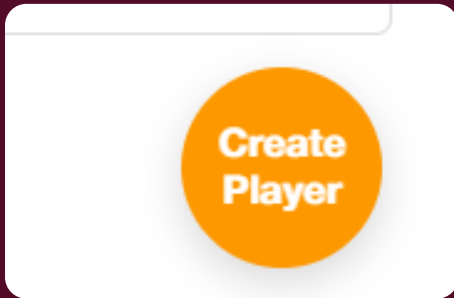

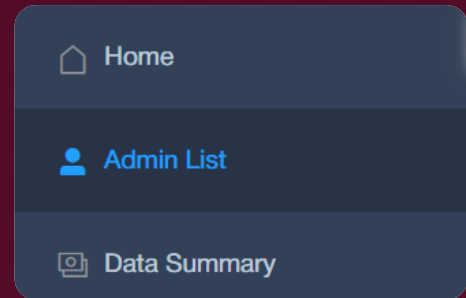

NOTE

If you don't have a store account, follow the previous section of the guide.

4.2 To Create A Player Account

2. Click Navigation on the left sidebar, then click Admin List or User list

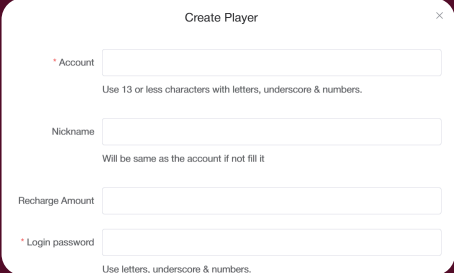

3. Click on "Create Player"

4.3 To Create A Player Account

1. Fill out account name, nickname and password

The screenshot shows a 'Create Player' dialog box with the following fields and instructions:

- Account:** A text input field with a red asterisk. Below it, the instruction reads: 'Use 13 or less characters with letters, underscore & numbers.'
- Nickname:** A text input field. Below it, the instruction reads: 'Will be same as the account if not fill it.'
- Recharge Amount:** A text input field.
- Login password:** A text input field with a red asterisk. Below it, the instruction reads: 'Use letters, underscore & numbers.'

NOTE

You can now provide these details to a player to login to the game. Make sure to load the player credits by following the next section of the guide.

5.1 Loading / Withdrawing Credits

To load/withdraw any account type, login in to its parent account. If you want to load a store account, login to its parents Sub-Distributor account.

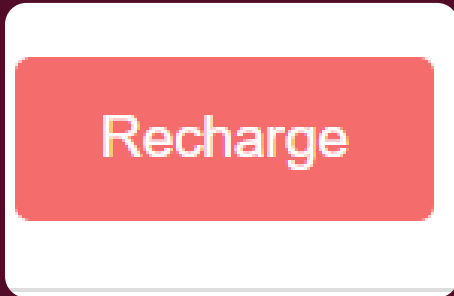

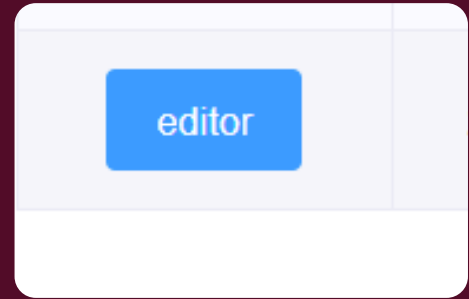

Once you are logged in to the parent account, find the account under Admin List
