1.1 OVERVIEW OF ACCOUNT LEVELS

There are multiple levels for Lucky Stars level to lowest:

DISTRIBUTOR

With a distributor, you can sell to other agents by providing them with a sub-distributor or store account.

SUB-DISTRIBUTOR

With a sub-distributor account, you can sell to other agents by providing them with a store account.

1.2 OVERVIEW OF ACCOUNT LEVELS

STORE

With a store account, you can sell to players.

PLAYER

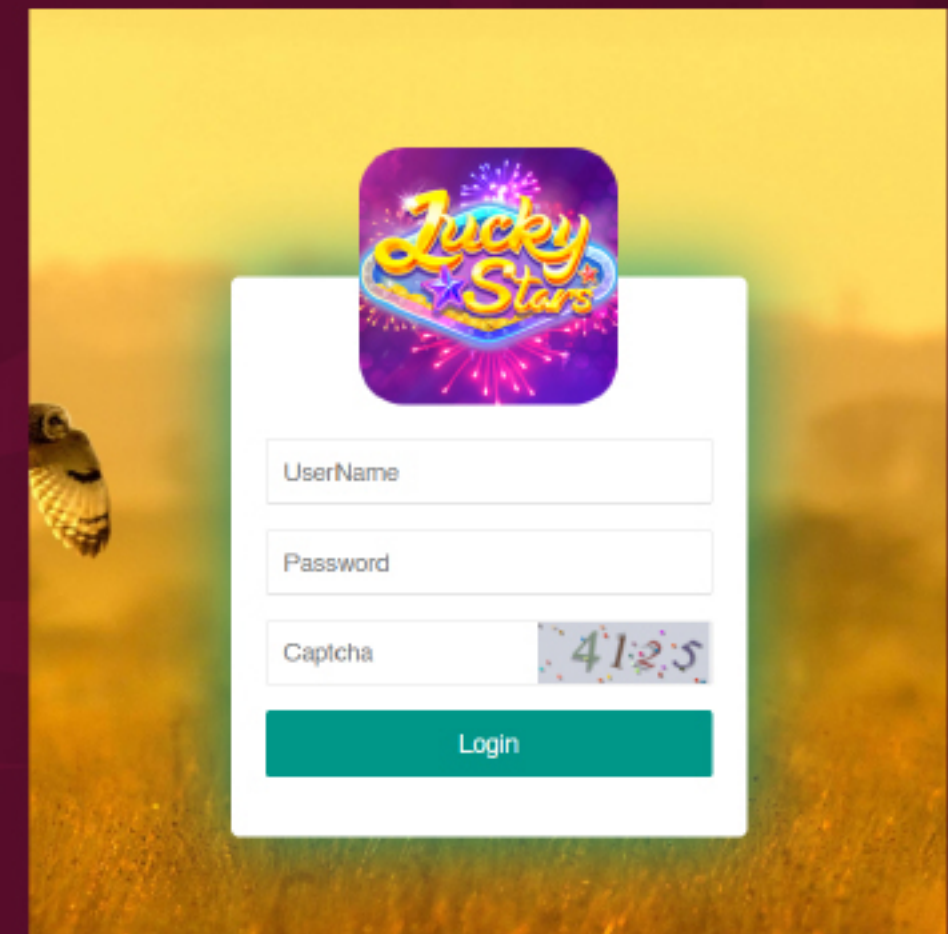

You can only make these account with store account

NOTE

If your focus is on selling to players, it's advisable to establish one main store account. This enables you to add new player accounts directly under this store account rather than creating individual store accounts for every player

2.1 Creating a Sub-Distributor and Store Account

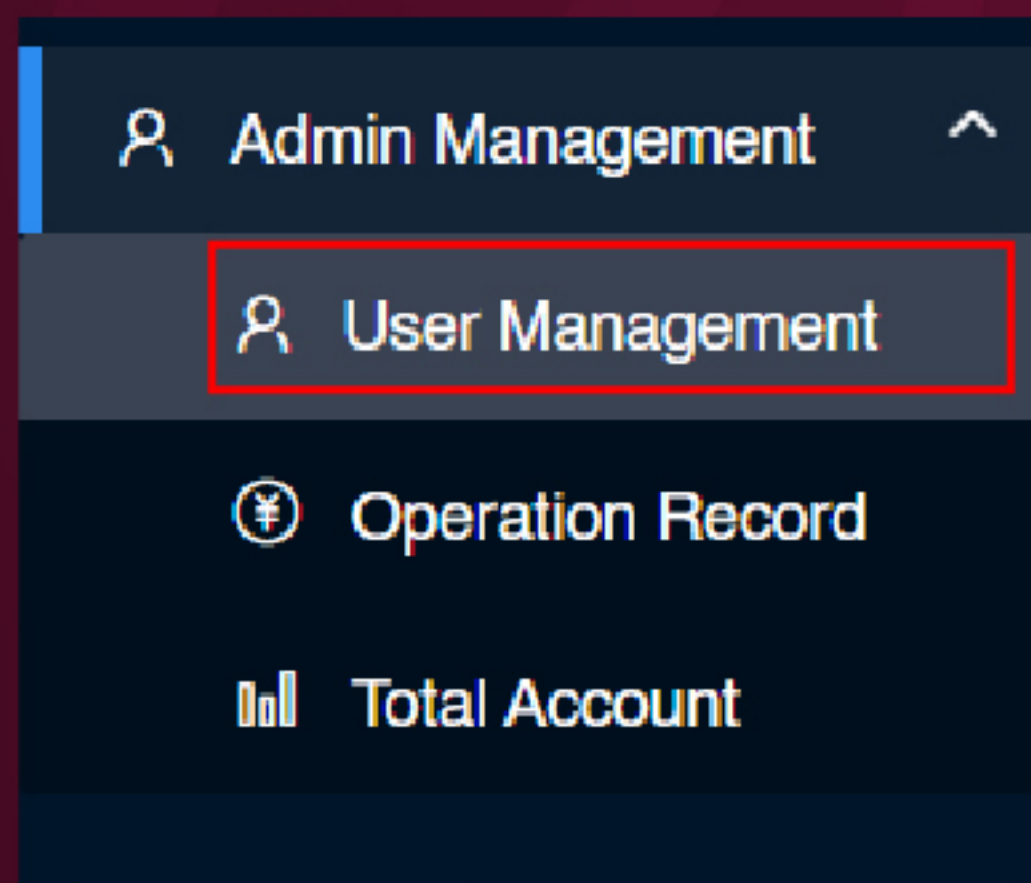

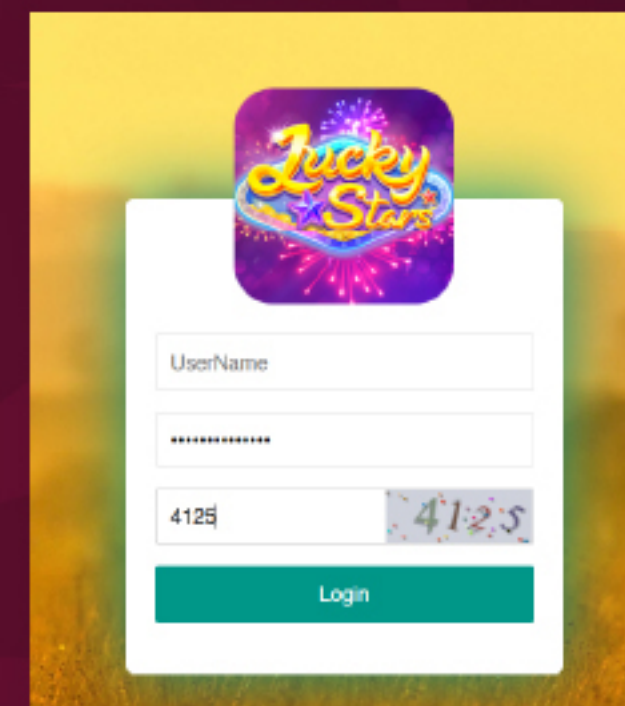

We will provide you with a distributor account, which lets you set up a child sub-distributor account. You now can log in to that sub-distributor account to create a store account.

2.2 Creating a Sub-Distributor and Store Account

To create a sub-distributor account

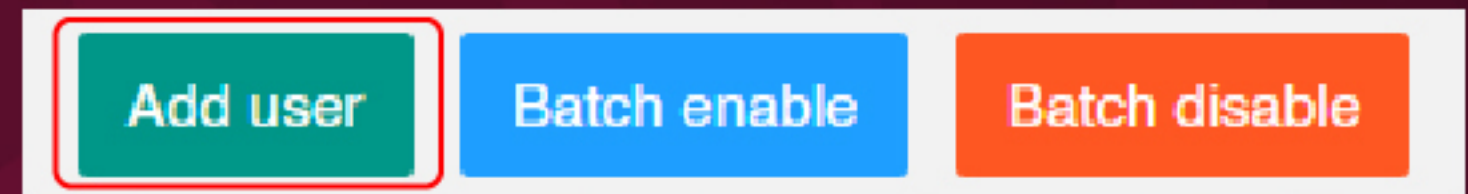

1. log in to the backend

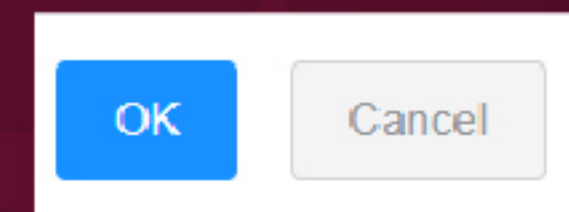

2. click Admin Management on the left sidebar then click User Management

2.3 Creating a Sub-Distributor and Store Account

3. Click the add user:

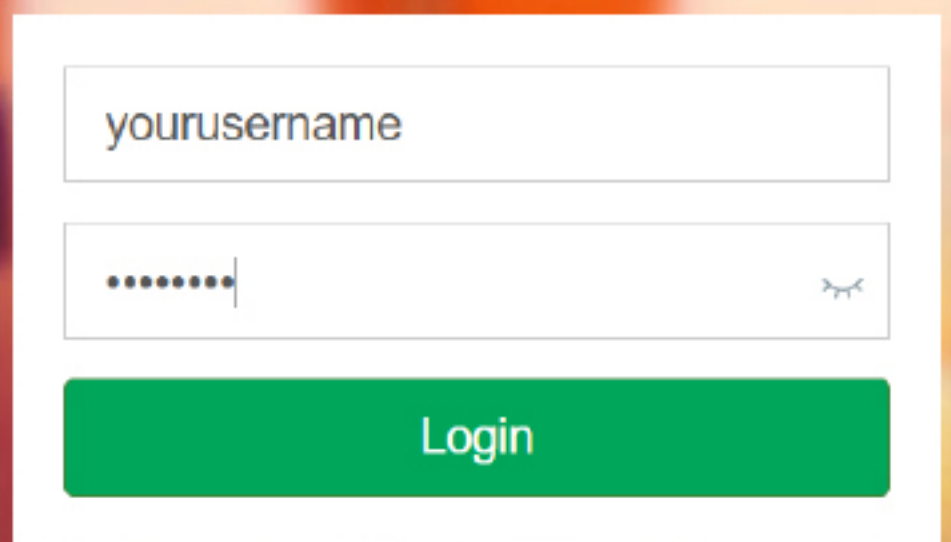

5. finalize the account.

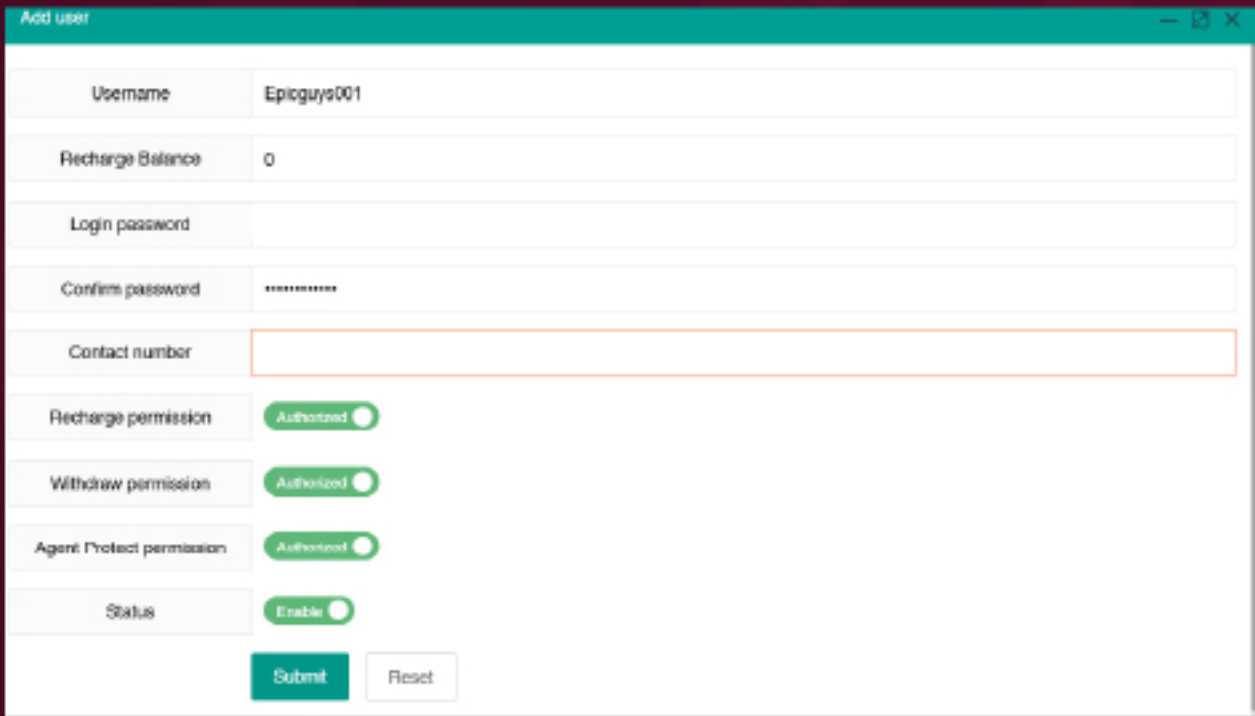

Fill out the details, contact number can be 1, and hit submit. You now have a sub-distributor account, which will pop up on your list.

3.1 TO CREATE A STORE ACCOUNT

1. To create a store account
logout of the distributor account

A login form with a white background and a thin orange border. It contains two input fields: the first is labeled 'yourusername' and the second is for a password, represented by dots and a toggle icon. Below the fields is a green button labeled 'Login'.

An 'Add user' form with a teal header. It contains several input fields and toggle switches. The 'Username' field is filled with 'Epicguys001'. The 'Recharge Balance' field is filled with '0'. The 'Login password' and 'Confirm password' fields are empty. The 'Contact number' field is empty. There are three toggle switches for permissions: 'Recharge permission', 'Withdraw permission', and 'Agent Protect permission', all of which are set to 'Authorized'. There is also a 'Status' toggle switch set to 'Enable'. At the bottom are 'Submit' and 'Reset' buttons.

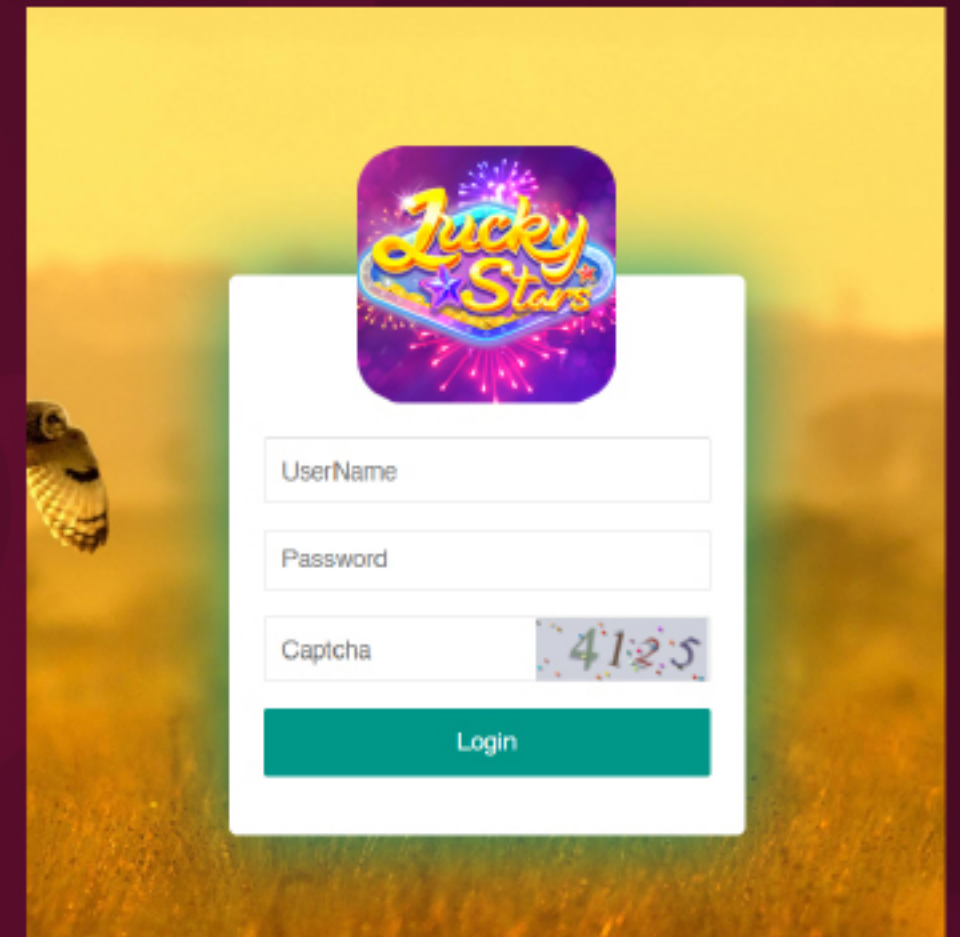

Username	Epicguys001
Recharge Balance	0
Login password	
Confirm password	
Contact number	
Recharge permission	Authorized
Withdraw permission	Authorized
Agent Protect permission	Authorized
Status	Enable
Submit Reset	

2. log in to the sub-distributor account. Repeat the account creation process above.

4.1 TO CREATE A player ACCOUNT

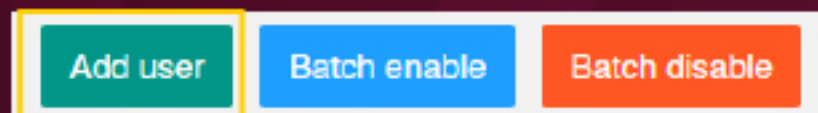

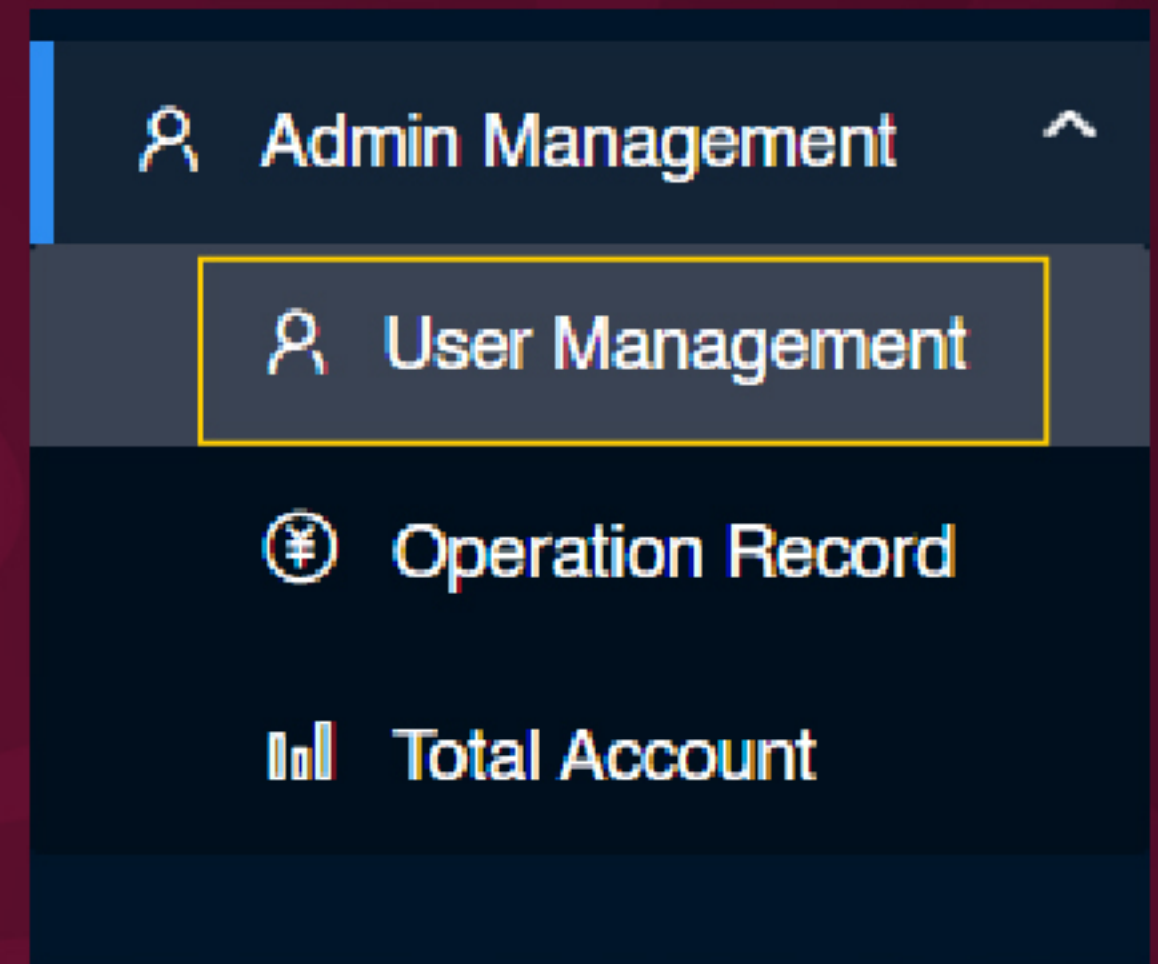

1. log in to a store account

If you don't have a store account, follow the previous section of the guide.

4.2 TO CREATE A PLSYER ACCOUNT

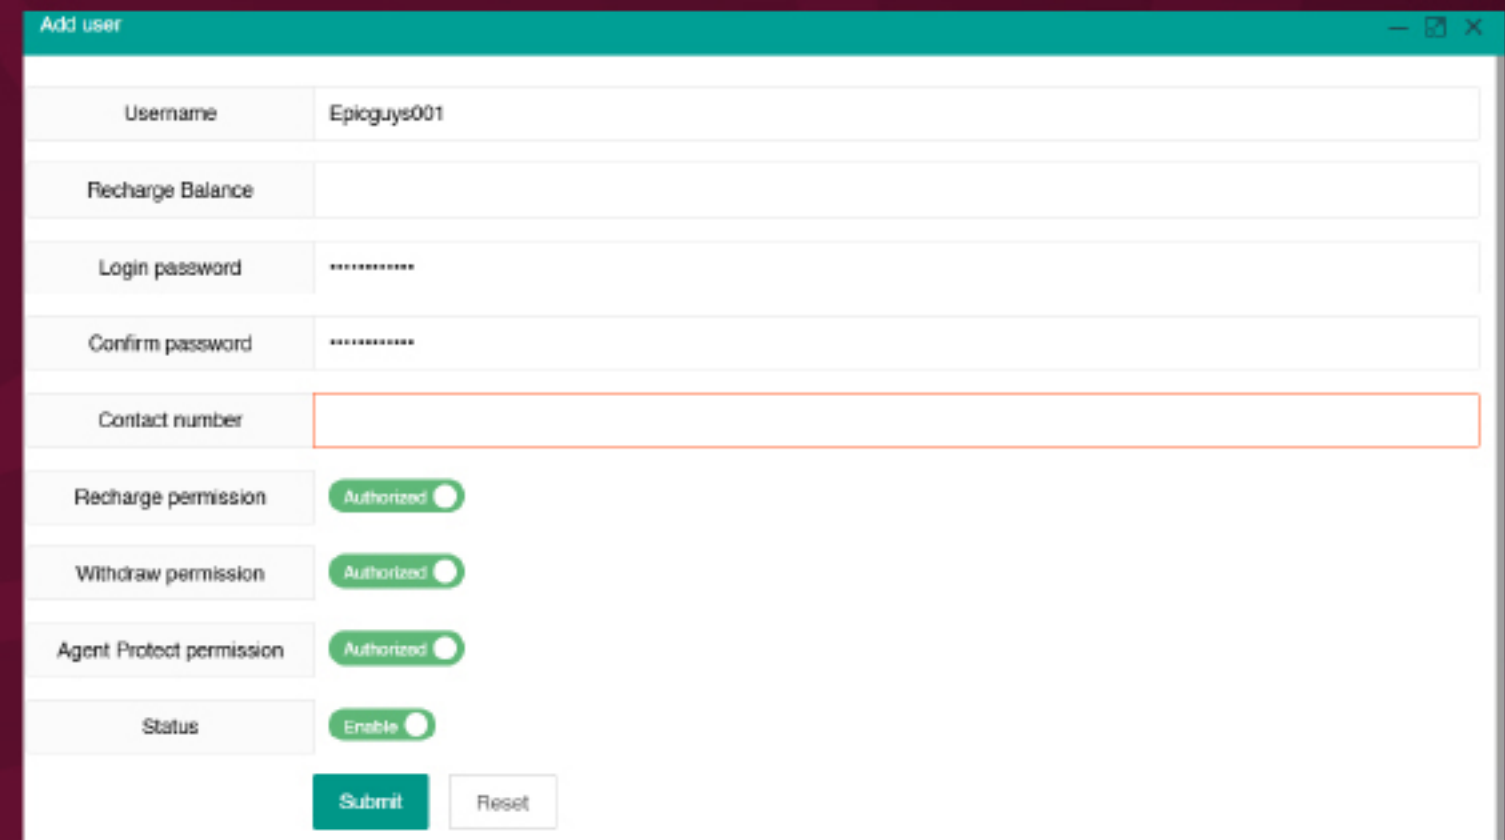

2. Click Game Use on the left sidebar, then click User Management.

3. Click “ add user”

4.3 TO CREATE A PLSYER ACCOUNT

4. Fill out account (username) and password.

The screenshot shows a web form titled "Add user" with the following fields and controls:

Username	Epicguys001
Recharge Balance	
Login password	*****
Confirm password	*****
Contact number	
Recharge permission	Authorized ☒
Withdraw permission	Authorized ☒
Agent Protect permission	Authorized ☒
Status	Enable ☒
Submit Reset	

You can now provide these details to a player to login to the game. Make sure to load the player credits by following the next section of the guide.

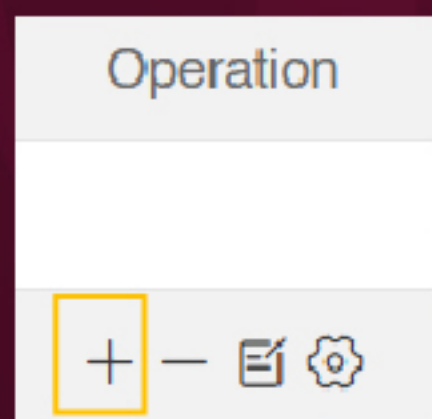

5.1 Loading/Withdrawing Credits

To load/withdraw any account type, log in to it's parent account. If you want to load a store account, login to its parent SUB-DISTRIBUTOR account

Once you are logged in to the parent account, find the account under game user/admin management -> user management.

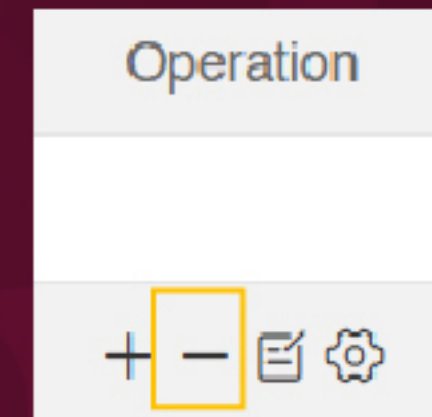

Add user Batch enable Batch disable						
☐	Username	Total recharge	Total withdraw	Total income	Login times	Operation
☐	Epicguy...	00	0.00	0.00	3	
☐	Epicguy...	00	0.00	0.00	1	+ - ✎ ⚙

1. From here you can click the **(+)** sign to load

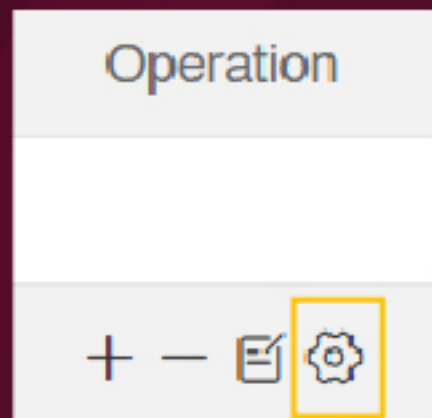

5.2 Loading/Withdrawing Credits

2. **to withdraw** click the (-) sign to load,

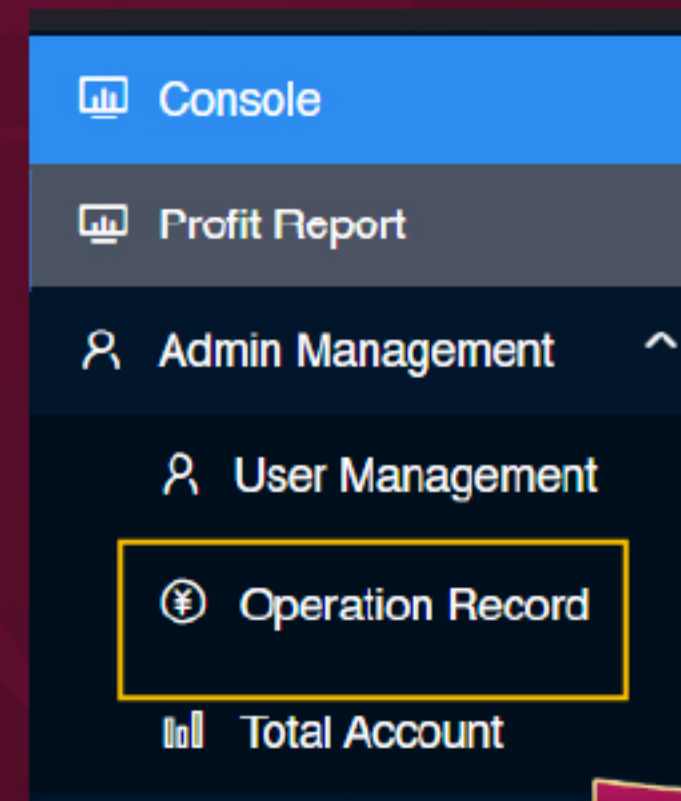

3. the settings cogwheel to reset the password

6.1 Viewing Credit Transaction Records

The backend lets you view transaction records between a parent account and its children . This feature helps you monitor credit movements, including both loads and withdrawals, along with the exact dates and times of these transactions.

1. To access store records, click Game User/Admin Management Operation Record

6.2 Viewing Credit Transaction Records

2. You can specify time range, search specific users, or click the blue buttons to quickly get the transactions for the last x amount of time. Click Search:

The screenshot displays the 'Management System' interface. On the left is a dark sidebar with navigation links: Console, Profit Report, Admin Management, User Management, Operation Record (highlighted), and Total Account. The main content area has a top bar showing 'Balance: 0.00' and a user profile 'Epicguys001 [Sub Distributor]'. Below this is a breadcrumb trail with 'Console' and 'Operation Record'. The 'Operation Record' section contains search filters: 'Username' (text input), 'Date range' (date pickers for 2026-02-17), 'Operation type' (dropdown), and a 'Search' button. To the right of the search buttons are four blue buttons: 'Today', 'Yesterday', 'This Week', and 'Last Week', which are highlighted with a yellow box. Below the search filters is a red error message: 'The number of single exports cannot exceed 20000'. At the bottom left of the main area is an 'Export Excel' button. The bottom of the page features a table with the following headers: Date, Username, Role, Balance, Operation balance, Operator, and Operator balance.

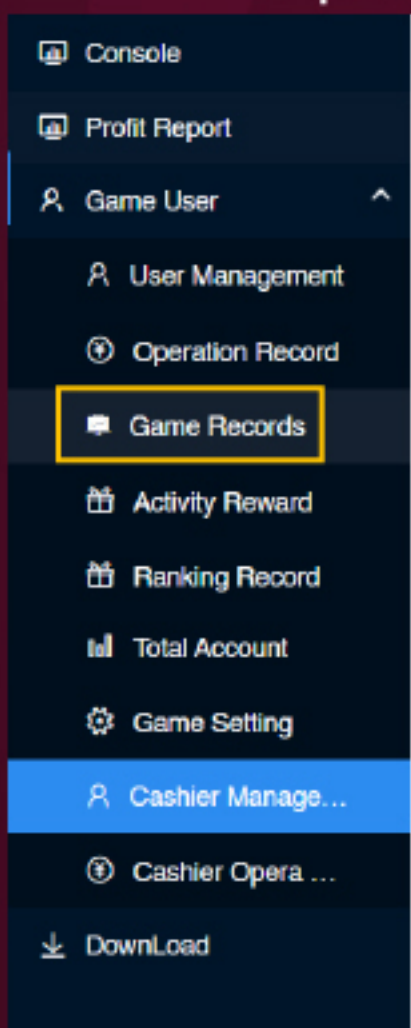

Date	Username	Role	Balance	Operation balance	Operator	Operator balance
------	----------	------	---------	-------------------	----------	------------------

7.1 Viewing Player Game Records

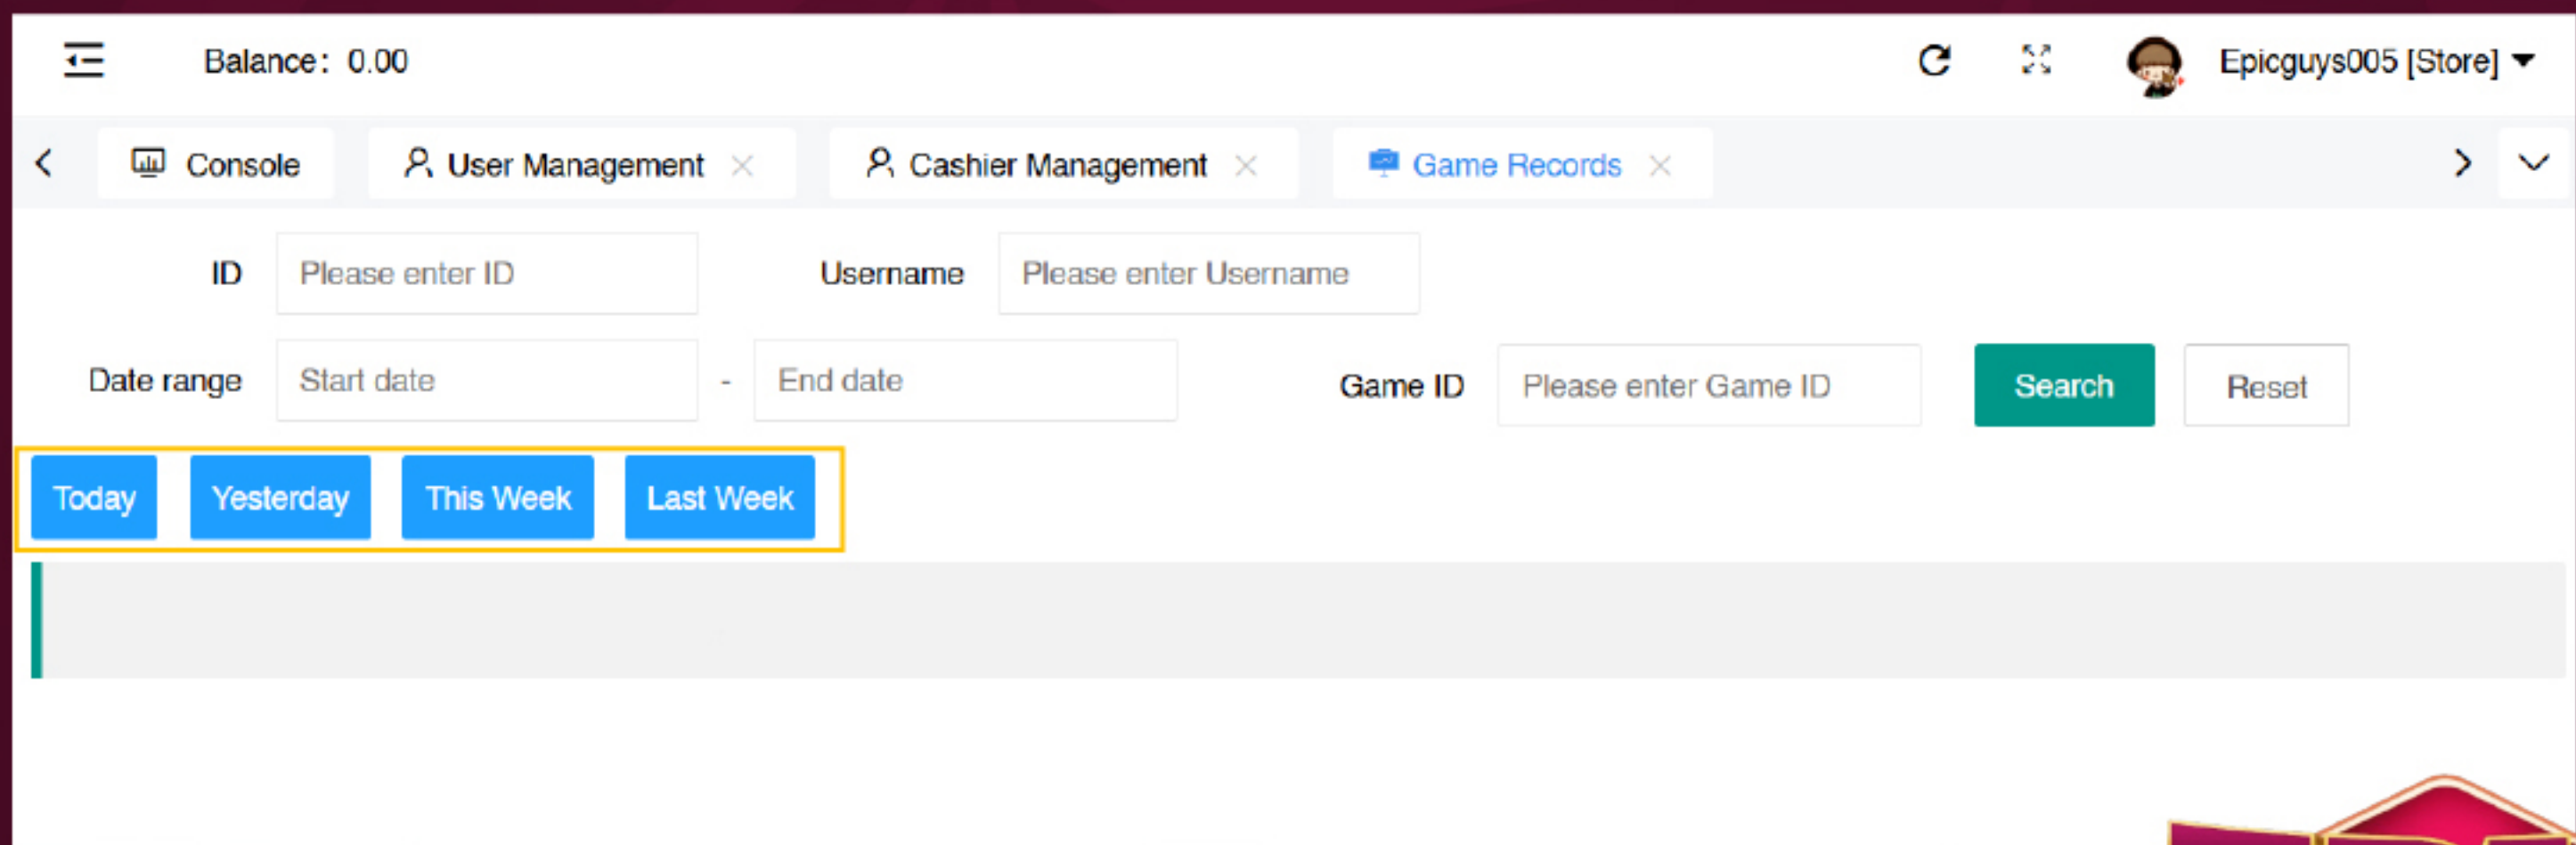

The backend lets you view game records for players. This lets you track how a player is spending their credits, how they're winning/losing, when they're playing, etc.

2. To access records, click Game User /Admin Management Operation Record on left sidebar

7.2 Viewing Player Game Records

2. You can specify time range, search specific users, or click the blue buttons to quickly get the transactions for the last x amount of time. Click search:

The screenshot shows a web application interface for viewing game records. At the top, there is a balance indicator 'Balance: 0.00' and a user profile 'Epicguys005 [Store]'. Below this is a navigation bar with tabs: 'Console', 'User Management', 'Cashier Management', and 'Game Records'. The 'Game Records' tab is active. The main form contains several input fields: 'ID' (placeholder: 'Please enter ID'), 'Username' (placeholder: 'Please enter Username'), 'Date range' (with 'Start date' and 'End date' sub-fields), and 'Game ID' (placeholder: 'Please enter Game ID'). There are also 'Search' and 'Reset' buttons. At the bottom of the form, there are four blue buttons: 'Today', 'Yesterday', 'This Week', and 'Last Week', which are highlighted with a yellow border. The interface is clean and modern, with a white background and blue accents.

8.1 Obtaining a Master Account

To obtain a master-level account, message your agent to find out the minimum requirements
