1.1 Overview of Account Levels

MILKY WAYS

There are multiple levels for Milky Way, from highest level to lowest:

DISTRIBUTOR

 you can sell to other agents by providing them with a sub-distributor or store account

SUB-DISTRIBUTOR

 you can sell to other agents by providing the with a store account.

1.2 Overview of Account Levels

MILKY WAYS

STORE

With a store account, you can sell to players.

PLAYER

You can only make these account with store account

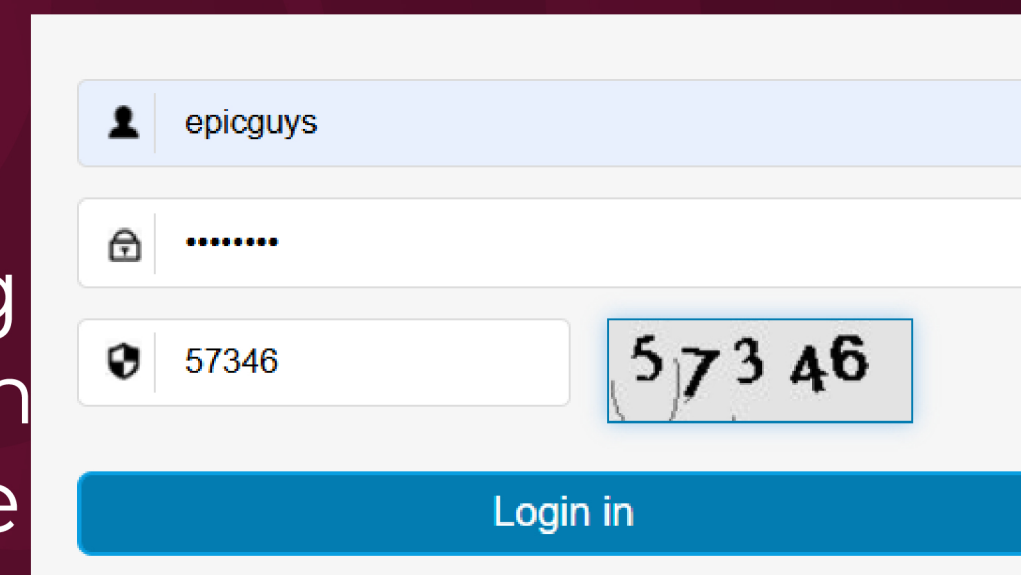

NOTE

If your focus is on selling to players, it's advisable to establish one main store account. This enables you to add new player accounts directly under this store account rather than creating individual store accounts for every player.

2.1 Creating a Sub-Distributor and Store Account

We will provide you with a sub-distributor account. This means you can create a child store account. To create a store account, log in to the sub-distributor backend and hit admin structure on the left sidebar. Then hit create account:

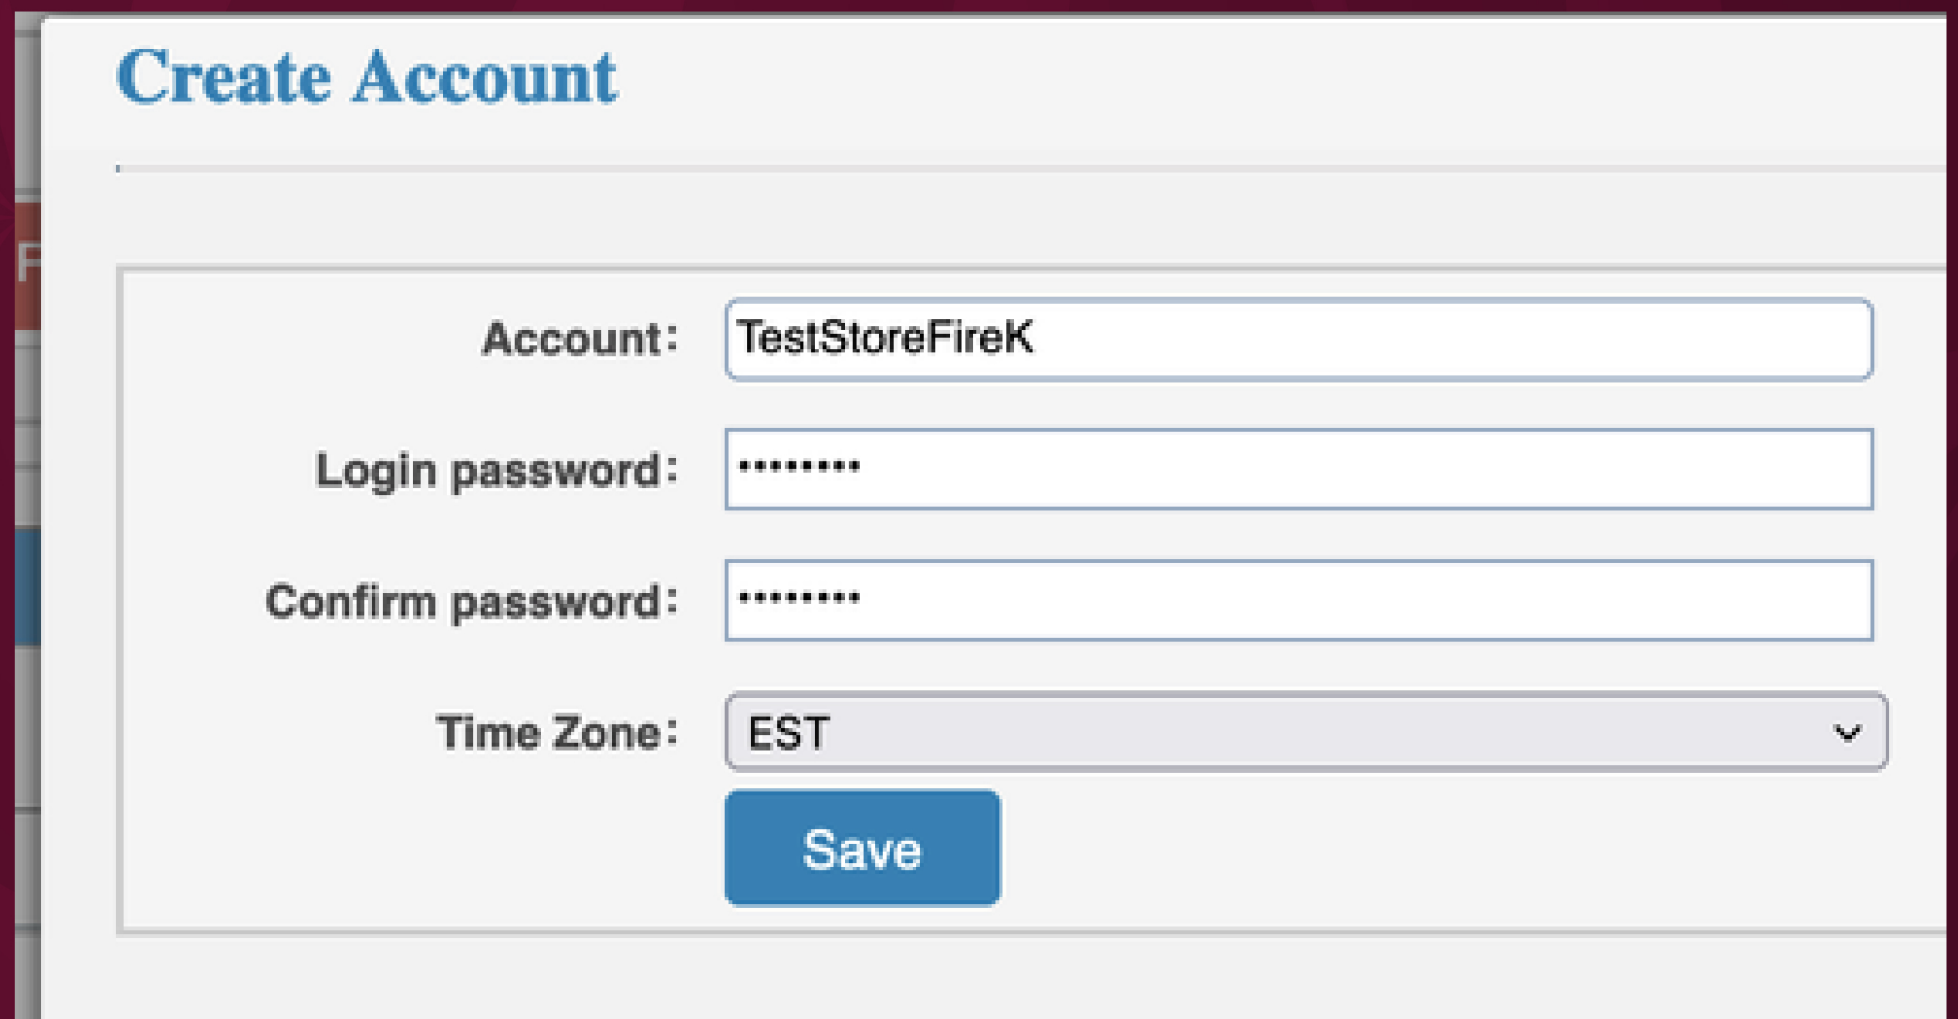

A screenshot of a login interface. It features three input fields: the first contains the username 'epicguys', the second contains a masked password '.....', and the third contains a security code '57346'. To the right of the security code field is a small box displaying the code '57346'. Below these fields is a blue button labeled 'Login in'.

Create Account

2.2 Creating a Sub-Distributor and Store Account

Then, fill out the username and password for the store account, and click save:

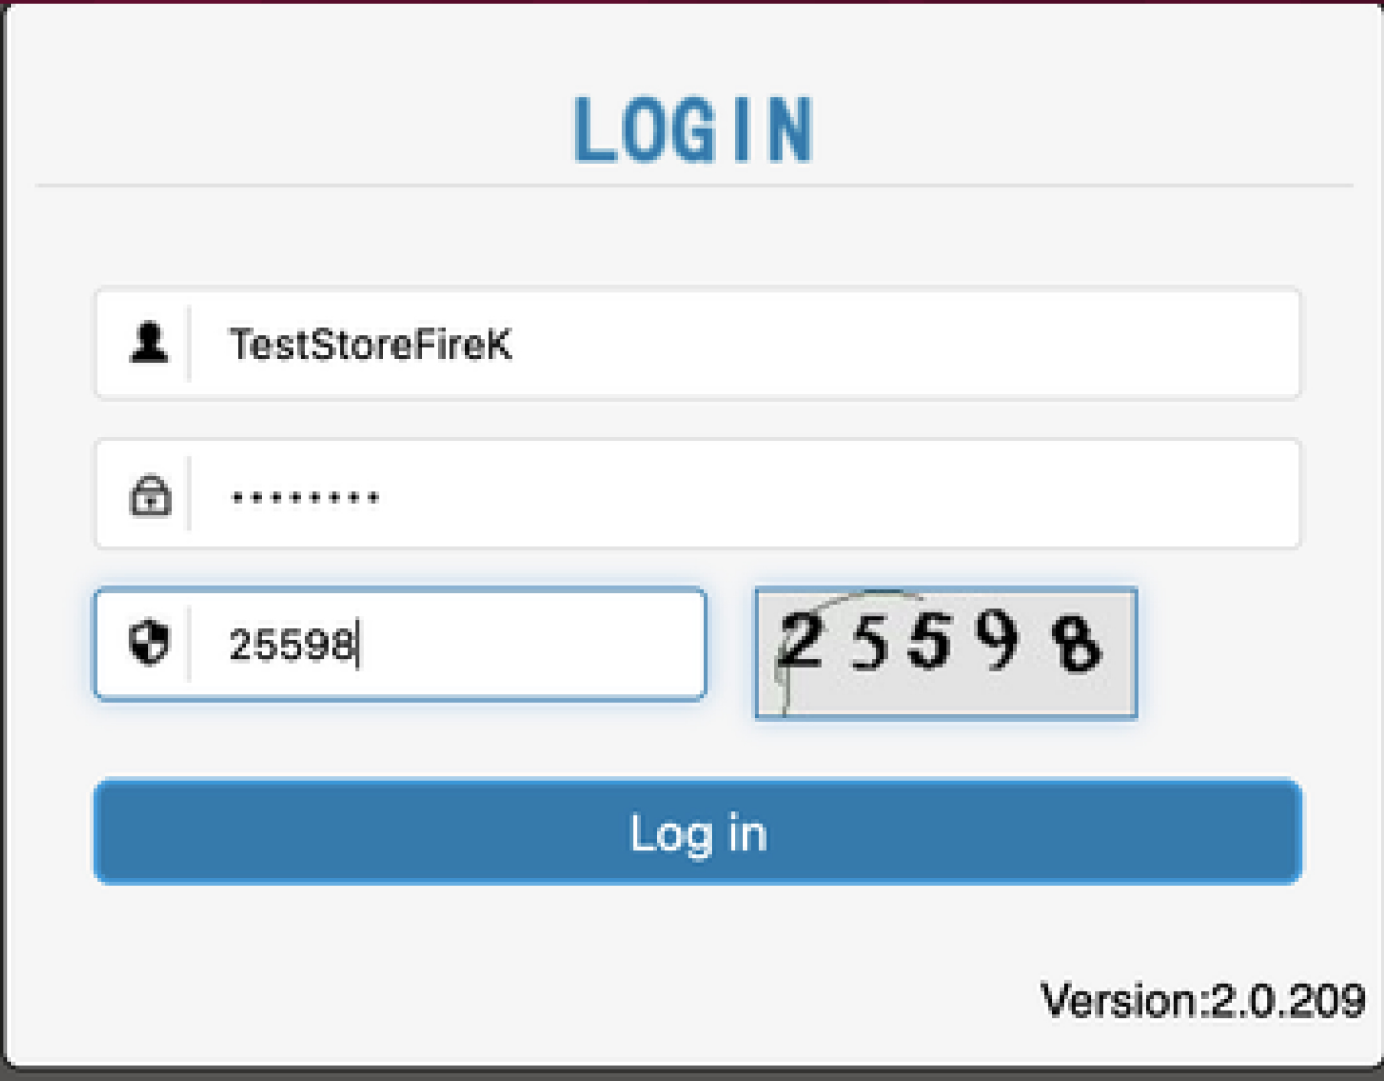

The image shows a 'Create Account' form with the following fields and values:

Field	Value
Account:	TestStoreFireK
Login password:	
Confirm password:	
Time Zone:	EST

A blue 'Save' button is located at the bottom right of the form.

3.1 Creating a Player Account

To create a player account, login to a store account. If you don't have a store account, follow the previous section of the guide:

The screenshot shows a login interface with the following elements:

- LOGIN** header in blue text.
- Username field: with a user icon on the left.
- Password field: with a lock icon on the left.
- Security code field: with a shield icon on the left. To its right is a grey box containing the code **25598**.
- Log in** button in blue.
- Version: 2.0.209 in the bottom right corner.

3.2 CREATING A PLAYER ACCOUNT

Hit User Management on the left sidebar, then click create account. Fill out the player login details:

Create Account

Account:

* Use 13 or less characters with letters, underscore & numbers.

Nickname:

Will be same as the account if not fill it

Login password:

* Use letters,underscore & numbers.

Confirm password:

* Please re-enter the password

Save

You can now provide these details to a player to login to the game. Make sure to load the player credits by following the next section of the guide.

4.1 LOADING AND WITHDRAWING CREDITS

To load any account type, login to it's parent account. For example, if you want to load a player account, login to its parent STORE account. If you want to load a store account, login to its parent SUB-DISTRIBUTOR account

once you are logged in to the parent account, find the account under user/admin management on left sidebar, and click UPDATE:

	ID	Account	NickName	Balance	Register date	Last Login	Manager	Status
Update	7145433	TestPlayerFiK	TestPlayerFiK	0.00	2024-05-29 22:33:56	2024-05-29 22:33:56	TestStoreFireK	Active

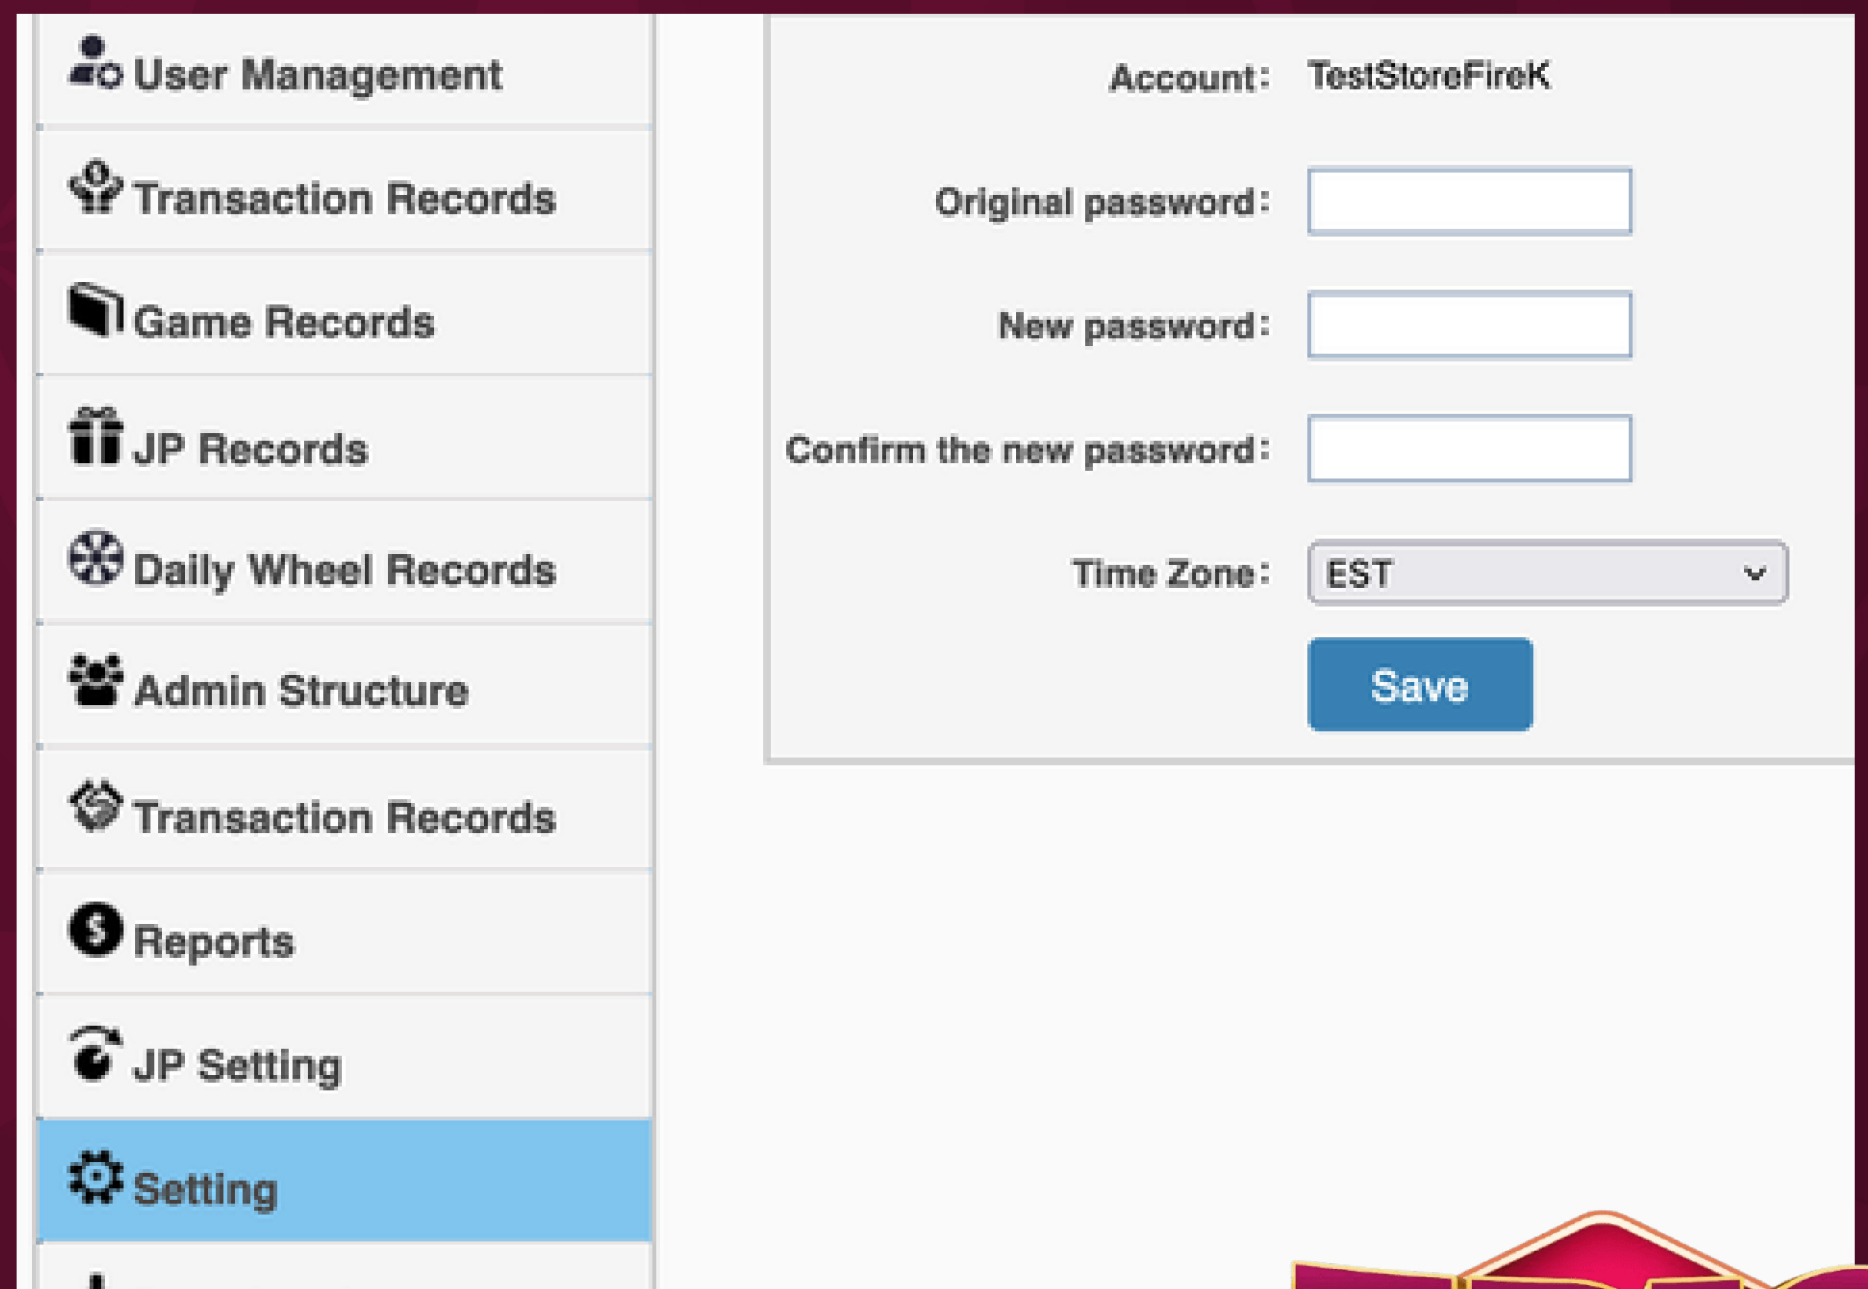

Then click recharge to load the account, and click redeem to withdraw credits on the account:

ID	Account	NickName	Balance	Register Date	Manager
7145433	TestPlayerFiK	TestPlayerFiK	0.00	2024-05-29 22:33:56	TestStoreFireK
Transaction Record		Game Record	JP Record	Recharge	Redeem

4.2 Changing password on a parent account

1. To change the password on an account you are already logged into, click settings and fill in the details and click save:

The screenshot shows a web interface for 'User Management'. On the left is a sidebar menu with the following items: 'User Management' (selected), 'Transaction Records', 'Game Records', 'JP Records', 'Daily Wheel Records', 'Admin Structure', 'Transaction Records', 'Reports', 'JP Setting', and 'Setting'. The main content area on the right is titled 'Account: TestStoreFireK' and contains the following fields: 'Original password:' with an input box, 'New password:' with an input box, 'Confirm the new password:' with an input box, and 'Time Zone:' with a dropdown menu currently set to 'EST'. A blue 'Save' button is located at the bottom right of the form.

4.3 Changing password on a child account

To change a password, login to it's parent account. For example, if you want to change a player password, login to its parent STORE account
If you want to change a store account password, login to its parent SUB DISTRIBUTOR account.

Once you are logged in to the parent account, find the account under user/admin management on left sidebar, and click UPDATE: Then hit the reset password button, fill in the new details, and hit reset:

	ID	Account	NickName	Balance	Register date	Last Login	Manager	Status
Update	7145433	TestPlayerFIK	TestPlayerFIK	0.00	2024-05-29 22:33:56	2024-05-29 22:33:56	TestStoreFireK	Active

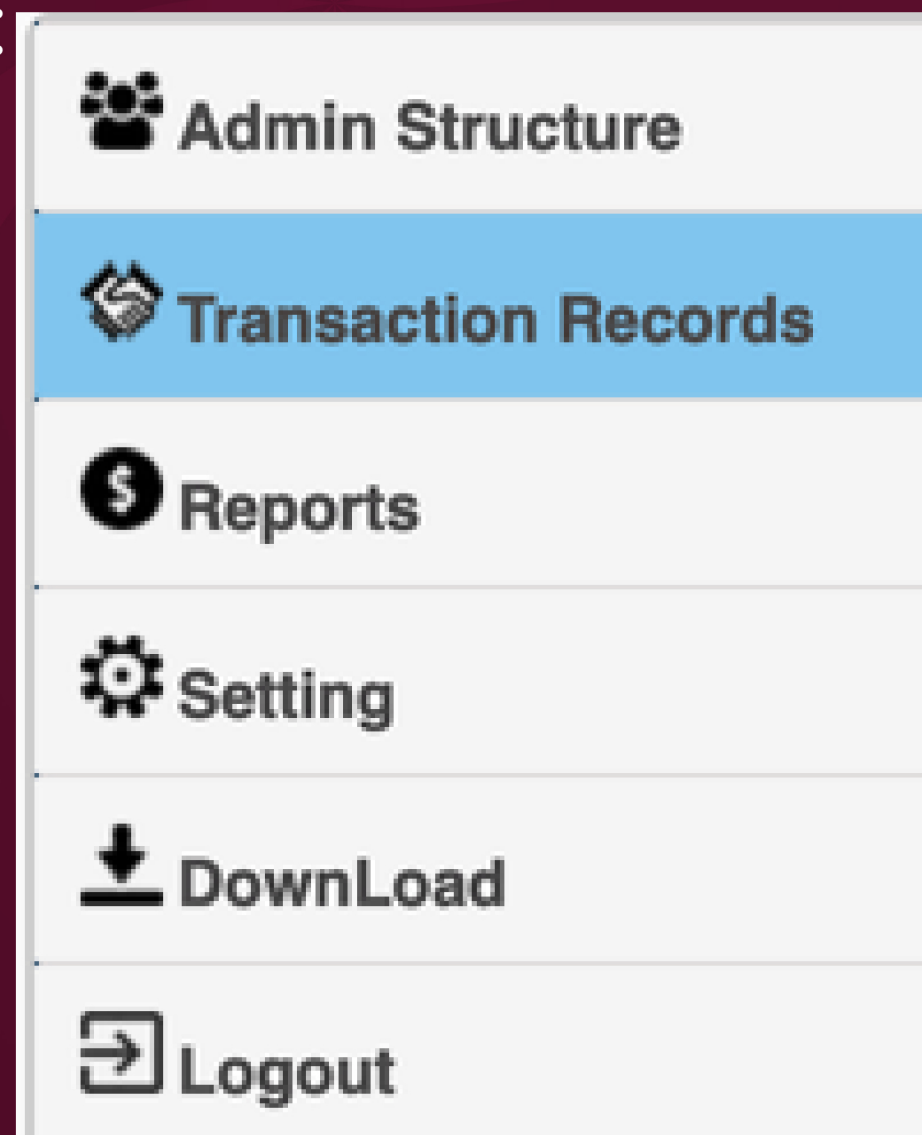

Display prohibited accounts: ☐ ON ☒ OFF

ID	Account
7145433	TestPlayerFIK
Transaction Record	
Reset Password	

5.1 Viewing Credit Transaction Records

he backend lets you view transaction records between a parent account and all its children. This lets you track any movement of credits, whether it be a load or withdrawal, and shows the date and time of movements. To use this tool, log in to your account and click transaction records on the left sidebar:

5.2 Viewing Credit Transaction Records

You can restrict the transactions shown to a specific time period, or click one of the buttons to quickly see transactions for the current day, previous day, current week, or previous week:

Transaction Records

Customer:

6.1 Disabling Losing/High Payout Games

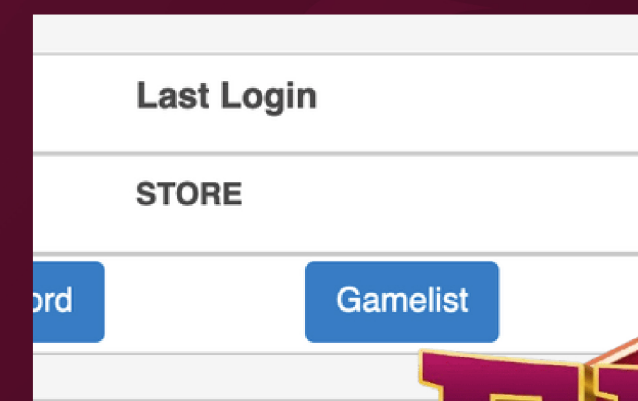

The backend allows you to disable specific games. This is useful if you notice certain games are losing you more money. To disable, login to a sub-distributor account and go to Admin Structure on the left sidebar:

Then select a store account:

Management	Account
Update	TestStoreFireK

Then hit game list:

6.2 Disabling Losing/High Payout Games

Hit enable/disable to control specific games:

Enable/Disable	Game Logo	Game Name
Enabled	1110	Phoenix Kingdom

Obtaining a Distributor Account

To obtain a distributor-level account, message your agent to find out the minimum requirements. Do note that they are not cheap
